

17<sup>th</sup> JAPANESE FILM FESTIVAL  
--- Watch Japan Unfold ---

# Japanese Film Festival Books

If the films showcased at the Japanese Film festival have whetted your interest or you are curious to read the original version of a story you enjoyed, we have many film festival books in our collection. As many fans of Japanese media will be aware, what is today a movie, may have originally been a novel and what is now an animation, may have been adapted from a manga. And vice versa. Come and look for them in our library!

## Text in English
